## The service steps

# 01

### Service agreement & deposit

The introductory meeting is held and your requirements are defined. After that, the service contract will be signed and the deposit paid. We will then start the search for your internship.

# 02

### Internship research/advisory

If necessary, we advise you on updates to CVs, etc. We keep in constant contact with you to inform you about the process.

# 03

### Company interviews

Once a company that can offer you the desired internship is found, we help you arrange the interview with them. We provide tips and tricks for the interview.

# 04

### Acceptance & final payment

After the interview, once accepted by the company, we will close the payments and the internship contracts. You will not be charged the rest of the fees if we do not find the right internship for you.

## Extra services

### NIE Service

We help you get the NIE number, which is mandatory for most internships in Spain.

### Accommodation

We help you find the right accommodation for you in your desired city.

Internships in hospitality fields, accommodation is sometimes included.

### Spanish courses

For students doing internships in Spain, it is very useful to keep improving their Spanish skills. We've also got your back in this one.

### Visa service

For all non-EU students, a visa may be required. To avoid a lot of headaches, we can offer a visa service that guides you through the process.

Once again, if, after paying the deposit, we are unable to find the desired internship, we will refund your deposit.

If you are rejected after the interview, we will continue the search until we find an offer that fits your requirements.
